Dear John and Jane,

Thank you very much for your kind e-mail showing concern\* for our health during this pandemic\*. I am glad to let you know that we are all OK. Of course, the COVID-19 outbreak\* is a serious concern for all of us. Until the virus\* gets under control, we should be careful about how we live and how we meet people as much as possible. I think it is a very painful and stressful time for everyone.

John and Jane, my good friends, this is a very difficult time for us to face this serious problem, and I would like to share this song with you. I will attach\* its YouTube link below. You may know this song by Kyu Sakamoto, which was called '*Sukiyaki*' in your country. It is a song with a message about getting over those difficulties you have by looking up to the sky with tearful eyes. I hope that all of us will be able to get through this tough time without any harm. Please take good care of yourselves, and please keep your loved ones safe and healthy.

Hello, Kyoko. First of all, I must tell you that America loved Kyu Sakamoto!!! He was a super star in the early 1960's because his song was very upbeat\*. If I remember correctly\*, he sang it both in Japanese and in English here in America. Kyu sold over 13 million records in the U.S.A. It is surprising that his song *Sukiyaki* made it to the top of the charts, and it became the best song of 1963. This means that he is part of American history. Thank you for sending this song. It has been a very long time since Jane and I have heard it! Jane started to cry when the video started to play!! She said that it brought back many memories\*! Thanks. Say hello to your family for us.

With much love,

John and Jane

Dear John and Jane,

Thank you very much for your quick reply. I am surprised to find that you know a lot about Kyu. He was really missed when he was killed suddenly in a plane crash\*, because we had liked his powerful songs and warm smile so much. I am very happy that I could share this song with you. It also gave us much encouragement\* at the time of the Great East Japan Earthquake in 2011. I really hope that your family will be in good health.

All the best,

Kyoko

### Miss Evans on the *Titanic*

On a beautiful afternoon in April, 1912, the *Titanic* started on its first journey, from England to America. It was scheduled\* to arrive in New York in seven days.

The *Titanic* was one of the biggest ships ever built. About 2,200 people were on this ship. Everything in it was new and clean. Everyone was enjoying the journey.

On the fifth day it got colder and colder. There were some icebergs around the *Titanic*. Icebergs are dangerous to ships. Only a part of an iceberg shows above the water, and most of it is under the water.

Late that night a man watching for icebergs saw a very big one near the ship. He shouted, "Icebergs ahead!" But it was too late. The ship hit the iceberg and began to sink slowly into the sea.

All the people had to leave the ship quickly. The women and children were the first to get into the lifeboats. But one woman was left behind. She came up to the side of the ship and shouted, "Oh, please, please make room\* for me. My children are down there in that boat. I must go with them!"

"There's no more room here," someone in the boat shouted back. Her little son and daughter heard her and began to cry, "Mother! Mother!" No one knew what to do.

Suddenly\* a young woman sitting near the poor children stood up and said, "I'll go back to the ship. I'm not married. I don't have any children."

There was no time to lose. The young woman went back to the ship, and the children's mother got into the lifeboat. Soon after that, the *Titanic* went down under the water.

The young woman's name was Miss Evans. She was going home to Boston. No more is known about her. That night about 1,500 people lost their lives. Miss Evans was one of them.

注) was scheduled to ~: ~する予定だった room: 空間、場所 suddenly: 突然に

(1) Where was the ship going?

- 1 To Boston.
- 2 To England.
- 3 To New York.

(2) Why are icebergs dangerous to ships?

- 1 Because most of them are under the water.
- 2 Because they are very cold.
- 3 Because they are too close to each other.

(3) What did the people on the ship have to do when it hit an iceberg?

- 1 They had to leave the ship quickly.
- 2 They had to ask for help quickly.
- 3 They had to make another ship quickly.

(4) Why did Miss Evans give up staying in the lifeboat?

- 1 Because she was old.
- 2 Because she had no husband nor children.
- 3 Because she was busy.
