Hi Grandpa and Grandma,  
I'm sorry. I couldn't write sooner. My winter is going well. The weather is a little warm here in Kobe. Last winter, I went skiing every afternoon, but it's too warm most days this year. My friend Andy took me on his father's boat last weekend. We went fishing. It was fun. Andy and I didn't catch any fish, but Andy's father caught a big one. We ate it for dinner on Saturday night.

Love,  
David

### One for All

Zambia is a country in southern Africa. More than half of the people there are very poor, and companies pay them very little money for their jobs. A lady named Sylvia Banda had a dream to be a successful businesswoman and create her own brand. So, after finishing high school, Banda went to college to learn how to start a food company. She studied hard and spent her free time thinking of ways to make money, like making food and selling it to friends.

In 1987, when Banda was 24 years old, she decided to open her own restaurant. She borrowed a room and used food, pots, and pans from her own kitchen. On the first day, her restaurant didn't have any chairs or tables, but she sold all the food she made. After counting the money, she was surprised that she made more in one day than most people make in one month.

From that small restaurant, Banda created a big company called the Sylva Group. It now has hundreds of people working for it and is worth over a million dollars. Besides restaurants, the company has built hotels and a college in Zambia, and it also sells different packaged foods. After achieving her goal of starting her own business and becoming rich, Banda decided to help other Zambians.

She does this in a few ways. Firstly, her restaurants use vegetables and other products made in Zambia, helping local farmers. Her college also teaches farmers how to improve their farms, making them earn more money. The college also helps young Zambians learn skills to start their own businesses. Through hard work, Banda has improved both her life and her country.

- (1) Why did Sylvia Banda go to college?
- 1 To learn how to teach at a high school.
  - 2 To reach her dream of becoming a businesswoman.
  - 3 Because her parents wanted her to study hard.
  - 4 Because she wanted to spend time with her friends.
- (2) In 1987, Banda
- 1 worked at a small restaurant to learn how to cook.
  - 2 rented rooms to her friends to make extra money.
  - 3 borrowed money from a bank to start her own company.
  - 4 used things from her own kitchen to start her first restaurant.
- (3) The Sylvia Group
- 1 is the name of a small restaurant in Zambia.
  - 2 has become a valuable company that has many workers.
  - 3 builds hotels and restaurants outside of Zambia.
  - 4 pays for its workers to go to college.
- (4) What is one way that Banda helps Zambian farmers?
- 1 She helps them get jobs that pay more money than farming.
  - 2 She sells their vegetables at her stores for a high price.
  - 3 She buys and uses their products in her restaurant.
  - 4 She gives them money to make their farms better.
